## A HAPPY XMAS RIDE

### SUNDAY 12 DECEMBER 2021 To WWT Llanelli Wetland Centre

**Be Quackers** .....join us on our Xmas Bike Ride to the Wetland Centre at PENCLACWYDD and enjoy a social ride with chance of a snack and have a brief look at the wildlife now settled in for the winter.

It's really flat, on NCN Route 4 and around 11 miles each way from Blackpill, nearly all off road. If that's a bit far you can start at Dunvant (Rugby Ground), Gowerton (Mill St.) or Bynea (where it's an easy walk). Others wishing to join in can meet at the centre.

There will be marshals (according to numbers) and clearly riders must be competent to take part. The route is signed.

There will be no entrance fee but you can of course make a donation if you so wish. I will need to know numbers (and the centre cafe is operating a limited menu), so please let me know if you can make it. It would be great to see riders of all ages taking part so bring family or friends. Fancy dress welcome (Santa Paws will) but anyway do show lots of lights.

It's a 10m high tide lunchtime so Pont y cob will be clear with fantastic estuary views from Loughor Bridge. I cannot guarantee a warm sunny day but hopefully it will be fine if a bit cold so wrap up.

**If you are interested and likely to come let me know ASAP and I will seek confirmation by 4th December, a week before the ride.**
